Why Happy Hands Methodist Preschool?

- Safe and happy place for preschoolers to learn
- Warm and caring teachers
- Small class sizes, which allows for personal attention
- Family, faith-based atmosphere
- Tried and true preparatory educational curriculum
- Plenty of songs, projects, and activities to encourage child involvement and promote learning
- Emphasis on positive self-image and social skills
- All children welcome. Each child treated as an individual
- Separate Music, Motor, and Computer classes
- Special Programs and Field Trips where families are welcome
- Licensed by the Illinois DCFS
- Optional enrichment classes available
- Goal is to develop a Love of Learning

Hundreds of Satisfied Families!

"Our child's teacher is very hands-on with all of her students."

"My child's teacher is patient and kind. She is wonderful!"

"The projects are great ideas that tie well to the curriculum."

"My daughter loves the Music and Motor classes!"

"I love the special programs! These are my favorite parts about Happy Hands!"

"Happy Hands is a truly wonderful place and we feel like it is our second home—so thrilled with our experience!"

"This preschool has been the best thing for our son. He has grown so much in this past year and I owe it all to the staff and his teacher. He has made a lot of new friends and looks forward to going to school. I couldn't ask for anything more."

"My son loves going to school at Happy Hands!"

Try Our 3s Program

Our 3s program is a full preschool experience for young children. Through a combination of structured and free-play activities, children are introduced to literacy, math, science, social studies, and art. They learn to follow directions, manage a routine, take responsibility, be creative, share, work with others, and show compassion. Classes include letters, sounds, counting, identifying numbers, and early writing skills. Fine-motor development is encouraged through hands-on projects centered on monthly themes. 3s students also enjoy weekly rotations to Music and Motor (gym) classes. With fun experiences and caring teachers, students develop a love of learning and move seamlessly into our 4s classes the following year with pre-registration. Children must be three years old by 9/01 to join our 3s program.

"We couldn't be happier with our decision to be part of the Happy Hands family! It is truly a magical place that fosters growth in so many ways: learning through an integrated curriculum, encouraging independence, supporting friendship and teamwork skills and embracing the importance of art, music and motor!"

- Jenny E., Lemont
